Langley, BC, V22 2G8  
Canada

Dear Joe,

I write this short, inadequate note to express our gratitude for the recent container filled with oatmeal, sugar, flour, rice, milk and hospital linen. You cannot imagine the relief that your shipment brings. We have over 600 resident children who are either orphans or vulnerable children. We have over 2,100 students who attend our schools and they all need to eat.

We are very grateful to you as this allows us to say "Yes" to the hungry children. Apart from our resident children and our students, there are dozens upon dozens who come looking to fill their bellies. It is painful to turn them away empty-handed. Your gift makes it possible to feed these children. I took some photos this afternoon so that you can see the faces of your beneficiaries. Your gift is the answer to their prayers.

Matt 25: 35 "For I was hungry and you gave me food..."

Please pass on my and the children's profound gratitude for your generosity.

Blessings to you.

Father Marc R. Boisvert, OMI
