Langley, BC V2. 2G8.

Dear Canadian Food for the Children,

On behalf of Huruma Childrens Home-Ngong, I want to take a minute to express my sincere gratitude regarding your kind and generous donation of a 40' shipper owned container containing food items and hospital linen. This donation of foodstuff items has come at a time when life has become so expensive in our country and as a result feeding the children becoming a major task in its self. Because of the generous contribution of people like you, our home is able to continue providing a loving home environment for the destitute, abused, abandoned, and orphaned children of Kenya, in addition to a loving home. Your contributions make it possible for these, our children to receive the basic necessities so that they can one day be able to support themselves and be responsible Kenyan citizens, concerned about their country, their lives, and the well-being of their communities.

I would like you to know that you have put a smile on the faces of children who have gone through alot of trauma in their young life and though that they have nothing to give. You generously put all your efforts as a relief organization to help me brighten our children's lives and words cannot express the gratitude we have in our hearts and may God bless you mightly. By doing this you are enabling us to further the mission in bettering the living condition of our children. We just want you to know that we love you so much and we care for you and we remember you with alot of love.

You are like an umbrella that shelter us from the storm and even when you're far away, your love will keep us warm when the world is cold and grey. When it's hard to make it through the day, it's nice to know that you are there. It's really nice to know that someone cares. We cannot repay you for the great act of love you have shown towards us but we do really appreciate all the kindness you have shown us.

Our home would not be able to continue without the support of generous people like you. For that, I would like to express my deepest gratitude to you. Although we are here working with the children in Kenya, I believe that our friends and partners are just as an important part of this ministry because we would not be able to function without the contributions of kind people like you. Know that your gift is being used to provide the basic necessities of our children. Furthermore, we are seeing children grow up to be responsible, God fearing citizens.

Thank you so much for all that you do through all the prayers and support. We appreciate you so much and the children say thank you. May God bless you for sharing so much with someone who has so little. Pass our love to your friends and family.

Yours Sincerely,

Mama Zipporah.
DIRECTOR/MOTHER HURUMA CHILDREN'S HOME.

Children are a heritage from God
